

Hello Family Members,

We are the descendants of **Ms. Susie Richmond and Mr. Willis Bougard**. As their descendants it is our responsibility as a family to take the time out of our busy schedule to keep our family together and to make sure that our children, grandchildren, nieces and nephews know each other.

Through several years of research and collecting family names and information, I have collected **six generations dating as far back to the year 1860**. Knowing my family members is very important to me and it has been a wonderful and exciting experience tracing our family descendants to see where I join in the tree and to know who God has blessed me to be connected to.

Please take a moment to review the "Family Tree" to see where you join in and contact me with any questions, corrections or additional information to add.

Love,

Denise Young-Wright
